

SCRUB PROGRAM CHECKLIST

What to look for in an effective scrub program.

Certain Components of AORN's Guideline for Surgical Attire

How Aramark Can Help You Comply

Recommendation I

- | | |
|---|------------------------------------|
| <input type="checkbox"/> Surgical attire is made of low-linting material | ✓ Landau scrub |
| <input type="checkbox"/> Attire provides comfort | ✓ 65% polyester/35% cotton |
| <input type="checkbox"/> Fabrics are tightly woven, stain resistant and durable | ✓ Premium quality |
| <input type="checkbox"/> Attire promotes a professional appearance | ✓ Superior fabric and construction |

Recommendation III

- | | |
|---|--|
| <input type="checkbox"/> All individuals entering semi restricted and restricted areas wear freshly laundered surgical attire | ✓ Scrubs are laundered in accordance with industry standards |
| <input type="checkbox"/> Containers are designated for contaminated attire | ✓ Wash process features EPA-registered sanitizer |
| <input type="checkbox"/> Worn reusable surgical attire is left at facility for laundering | ✓ Up to 5 days per week service to load clean and pick up soiled scrubs |
| | ✓ Automated scrubBank receiver holds soiled scrubs and fits in most changing rooms |

Recommendation V

- | | |
|--|---|
| <input type="checkbox"/> Laundered surgical attire is protected during transport | ✓ Aramark personnel are trained to handle and transport items according to industry standards |
| <input type="checkbox"/> Surgical attire is transported in a clean vehicle and enclosed carts or containers | ✓ Automated scrubBank dispenses clean scrubs to authorized users in 10 seconds |
| <input type="checkbox"/> Clean surgical attire is stored in a clean, enclosed cart or cabinet. Dispensing machine may be used. | |

Recommendation VII

- | | |
|---|---|
| <input type="checkbox"/> Healthcare personnel should receive education and guidance on appropriate articles of surgical attire worn in the perioperative environment at orientation and after changes are made. | ✓ scrubBank toolkit includes online education, competency testing and reporting |
| <input type="checkbox"/> Ongoing education of perioperative personnel facilitates the development of knowledge, skills and attitudes that affect patient and worker safety. | ✓ Sponsored Periop Mastery Program Surgical Attire Module available at aorn.org |

Recommendation VIII

- | | |
|---|---|
| <input type="checkbox"/> Policies and procedures should be developed, including but not be limited to, requirements related to: | ✓ Aramark's Exposure Control Plan represents our adherence to proper handling processes |
| <input type="checkbox"/> Laundering | ✓ scrubBank's web-based real-time monitoring and reports |
| <input type="checkbox"/> Transport and storage of clean attire | |
| <input type="checkbox"/> Compliance monitoring | |

NOTE: This checklist contains a summary of certain relevant components of AORN's Guideline for Surgical Attire. It is not intended to be a complete checklist to cover all aspects of AORN's Guidelines and should not be used as a substitute for a complete review of the recommendations and associated internal compliance.
